Most importantly the club believes that a common-sense approach needs to be used by everyone involved in motorsport. What you regard as 'banter' may be seen as hurtful or embarrassing by a wider audience and bring motor sport into disrepute in which case Motorsport UK may place you before the National Court.

The club and Motorsport in general, is a diverse community and as such we do believe that **ALL** members using our social media platforms should:

- Show their personality while posting.
- Share their achievements with the rest of the Motorsport community.
- Share their experiences as a competitor or volunteer.
- Utilise the club's platform to help grow your following and engage with larger audiences.
